

A Star Is Born! Ako Kimura Debut In SONE-783 Is Heart-Pounding!

Description

Hey fellow JAV fans! I just finished watching the Debut Interview of Ako Kimura in SONE-783 by S1 No.1 Style. It was really a fascinating one! Before her debut in Japanese porn, I actually saw a post from Nagi Hikaru's Instagram stories where she posted a photo of her and Ako Kimura together. She introduced her as a **"friend"** that will be debuting into JAV. That's how I got to know her and followed her journey through Ako Kimura's X.com profile. She's as pretty as Nagi Hikaru and very well endowed with big natural breasts which instantly stole my heart.

Meet Ako Kimura: The Goddess Beautician Next Door

When she came in the very first frame then sat down on the chair, looking at Ako Kimura, she radiates a very sweet and charming personality. She's a 28-year-old Esthetician (it's my first time hearing that word!). I did a quick search: An Esthetician is a skincare professional who's expertise is to make your skin look healthy and beautiful. No wonder why Ako Kimura looks so silky smooth! With the finest skin care, I bet she also smells good.

She also has interesting hobbies. I think it's pretty common for women to do this now: Pilates, fangirling, and cosmetics. I don't know very much what girls do all the time but all her hobbies are a green flag to me.

Let's also not forget the reason why I'm so excited about her debut! When I first saw her in X.com, I knew she's going to be a superstar. Her breast is one of the best in the industry. She's L-Cup size and has body measure of Bust: 108cm -Waist: 60cm – Hips: 90cm (according to internet sources). She shared that she used to be insecure about how big her boobs are but now she totally embraces them as her **"charming point"**. That's what you call growth!

The Interview: She's Nervous, Honest & Totally Adorable

I like that the opening scene feels like she's just chatting with a friend. Ako-chan seems to be really nervous but that's okay! Everyone does the same thing when it's their first time. I'd be honest, she looks cute when she's nervous.

When she was asked why she joined AV, Ako-chan said **"I was interested in erotic things"**. Me too Ako-chan, me too.

The Key Moments That Got Me Excited

- She's an M-type of girl that likes to be attacked. Ako-chan is just like Nagi Hikaru. Both of them as M-types. I understand it as Masochists when it comes to sex and that sure do sounds erotic and very appealing.
- Her ideal sex is **"with love"**, what a romantic queen. I can't imagine how heavenly it would be to have sex with Ako-chan while being romantic and giving her pain. I think it's what you call **"pleasure in pain"**?

- The moment when she starts undressing was jaw-dropping. Her breasts are perfect! They're of the perfect shape and size for her physique. Her nipples and areolas are the best looking when compared to the current popular stars of JAV.

Ako Kimura Nude Scene Is Art Meets Vulnerability

My heart was pounding when Ako-chan was slowly undressing her floral bra and panty! When she fully revealed her naked body, it was like watching a living masterpiece. She has really beautiful skin, a perfect body, and it was mesmerizing. Even the director was in awe at her beauty and says **"You're the most erotic woman I've ever seen"**.

Look at that perfect body of Ako-chan. She is indeed very alluring . The director is so lucky to get this view up close.

Then here comes this scene where she sits on the chair; she was trembling as she spreads her legs wide open for the camera. You can feel her emotions through the camera. She was very shy and uttered “**I’m embarrassed!**” but also was very brave at that moment. Her body is a masterpiece, I’m saying that in my perspective as an artist as well.

Fun Tidbits:

- Ako-chan hides her face when camera zooms in on her pussy. She looked very cute.
- That shot of her sitting slouched and legs spread wide? Very raw and hypnotic.

This Is A JAV Debut For The History Books!

Ako Kimura isn't just a pretty face and a hot body but seems to be a very kind person and great to be friends and party with. I just knew her through her work and I just hope that men in JAV industry will treat her well, I mean-there are lots of articles about the JAV industry abusing their talent. It would be a waste for her to end up like other porn stars...in the dump.

Ako-chan, if you're reading this: You can do it! Your debut made me speechless. You're beautiful and hope you stay the same.

- **Rating:** 11/10
- **For fans of:** Big naturals tits on beautiful Japanese women.
- **Watch if:** You love JAV debuts and getting to know the idols on their interviews.
