

Jollibee Crunchy Chicken Sandwich With Fries And Drink At Cebu IT Park

Description

Let me tell you about my recent Jollibee experience – the Crunchy Chicken Sandwich combo with fries and a drink! It was exactly what I needed: a perfectly crispy chicken fillet all tucked between a nicely toasted bun. The fries were perfectly crispy, and the drink was refreshing. It was a pretty satisfying meal, honestly. The best option if you're in a quick lunch break and a tasty treat before going back to work, give this Jollibee combo a try!

I ordered one with the extra lettuce and tomato. There is actually a sticker that indicates you got extras.

To be honest, I actually prefer the Jollibee Spicy Chicken Sandwich Supreme over this because it had more chicken.

My Thoughts On The Crunchy Fried Chicken Fillet

My take on Jollibee's Crunchy Chicken Fillet? Oh, the *crunch*. That's the best part, undeniably. The breading is perfectly crisp, shattering beautifully with each bite. But... the promised juiciness? That's where it falls short. It's dry, actually, and I suspect it's because the chicken itself isn't that fresh. I know, I know, it's fast food – I get that. But still, that crispy exterior is almost cruelly deceptive, teasing you with the promise of a juicy bite that never quite arrives. It makes me wonder about the whole fast-food process, honestly. The crunch is addictive, but the dryness is a letdown.

I was expecting to have many slices of tomato and lettuce...but I got a piece of each?
Come on Jollibee! Give us more healthier options for our food. Don't be stingy when it comes to fruits and vegetables. ?

But honestly, the mayo, lettuce, and tomato were so juicy and fresh that it kind of made up for it. It all worked together pretty well; the crunchy chicken with the juicy veggies and creamy mayo. It wasn't the juiciest chicken ever, but the whole sandwich was still pretty good.

How About Jollibee French Fries And Drinks?

I ordered the regular-sized fries and Coke Zero to go with my Jollibee sandwich. The fries were perfectly crisp, with a fluffy interior and just the right amount of salt; they were a really satisfying side. The Coke Zero was ice-cold and fizzy, offering a refreshing contrast to the richness of the sandwich. Everything was a regular size, which was just the right amount of food for me. It wasn't too much, and it wasn't too little. The whole meal was simple but very satisfying. I'd definitely order it again. It hit the spot perfectly.

So, the Jollibee Crunchy Chicken Sandwich combo with fries and a drink was ₱125. I decided to splurge and add extra lettuce and tomato for an extra ₱20, bringing the total to ₱145. It was a little more expensive, but the extra veggies made it taste even better.

The food was great, but I also wanted to say that the staff were really nice. The cashier was friendly, and everyone seemed happy to help. That made the whole experience even better.

Thanks to the Jollibee crew for the good food and the awesome service! I'll be back.
